The College's Coordinator for the Americans with Disabilities Act can be reached at 610-861-5496.

Northampton Community College values diversity and seeks talented students, faculty, and staff from diverse backgrounds. The College does not discriminate on the basis of race, color, sex, sexual orientation, religion, national or ethnic origin, age, disability, or status as a disabled or Vietnam Era veteran in its activities, programs, or employment practices.

PUBLIC SAFETY

NCC Public Safety joins all private higher education institutions in the Lehigh Valley, and 75% of campuses nationwide, who have armed police or security staff. The decision to move to a limited armed public safety presence at all NCC locations was made as a key step to better protect our college community and to enhance our response to critical incidents. Our continuing goal is to provide a proactive response to crime prevention and to embody a community oriented approach to public safety with a focus on customer service.

Northampton Community College's Public Safety Office works to ensure a safe environment for students, faculty, staff and visitors. Safety at NCC is a shared responsibility that every member of the college community needs to take seriously. We believe that the key to preventing crime is awareness. If you ever observe any person or activity that appears unusual or suspicious at any NCC location, please report it to the Public Safety Department:
