

St. Luke's is committed to helping our K-12 students and staff return to school in the safest manner possible. An important part of the success of in-person programs will be the ability for students and staff with suspected COVID-19 to receive timely testing and results. This allows families and schools to make more informed decisions about the need for quarantine, enhanced cleaning, and/or potential school closures.

As such, St. Luke's is offering all **K-12 students and staff** at your school who are **attending in-person classes or working on-site** and who have **symptoms suspicious for COVID**, access to **expedited medical evaluations and priority processing of COVID testing**. This allows test results within <48 hours from the time of specimen collection, generally 48 hours faster than testing offered by other labs. (Please note that individual result times may vary depending on lab volumes and national COVID activity).

Symptoms concerning for COVID are as follows:

Column A <i>(1 or more symptoms is concerning)</i>	Column B <i>(2 or more symptoms are concerning)</i>
Fever >100.0	Sore throat
Cough	Chills
Shortness of breath or trouble breathing	Muscle pain
Nausea or vomiting	Headache
Diarrhea	Congestion or runny nose
Lack of smell or taste (not attributed to nasal congestion)	Fatigue

Students and staff with symptoms associated with COVID that **have an existing St. Luke's or Star Wellness primary care provider** should contact their provider's office to be evaluated by a video visit to see if testing is indicated.

Students and staff with symptoms associated with COVID that **do not have an existing St. Luke's or Star Wellness primary care provider** can call the St. Luke's COVID hotline at 1-866-STLUKES (1-866-785-8537) option 7 to be evaluated over the phone by a trained nursing professional to see if further evaluation or testing is indicated.

St. Luke's is committed to offering this service but as with any medical visit or testing, we encourage staff and families to contact their insurance carrier first to verify that St. Luke's is in-network to alleviate any potential out-of-network costs.

We wish you all a safe return to school!

Pediatric Practice Locations... *Providing High-Quality Children's Health Care*

St. Luke's pediatric practices are located in the Lehigh Valley and surrounding areas and provide pediatric services ranging from wellness visits to care for children with complex needs.

Our pediatricians will be happy to schedule a **"Meet the Doctor"** visit – as a prenatal visit or at any time you are looking for a pediatrician for your child.

You can meet our team, tour our office and ask any questions you may have about choosing a pediatrician.

For a complete and up-to-date list of pediatricians, visit sluhn.org/FindADoctor
