PROJECT PROGRESS REPORT

FEBRUARY 2023

ATHLETIC STADIUM ENHANCEMENTS

WHAT'S NEW?

Construction has begun on two fronts with the kick-off of 2023. Our General Contractor, Athletic Fields of America (AFOA) in partnership with Shaw Sports Turf has begun excavation needed for detention basins to accommodate runoff and demolition of the home bleachers including the press box and handicapped section.

Clearing for New Draining Basin adjacent to Rt. 378

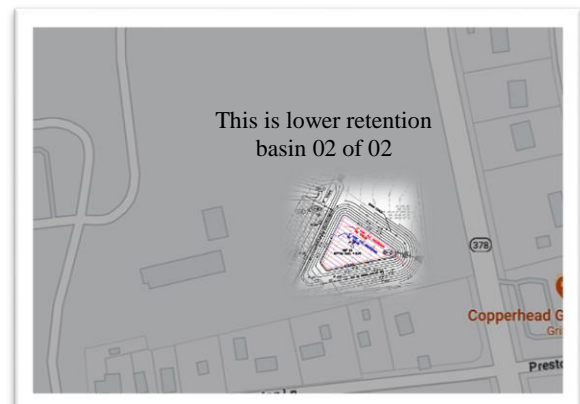

Removal of Home Bleachers as part of project demolition

As the project continues our goal is to communicate, the project's progress with periodic updates designed to capture important elements of major work performed.

Our Facilities Director and key administration will continue to monitor weekly progress with AFOA and other key subcontractors throughout the project by holding construction meetings to review items such as:

- ✚ Contractor's construction schedule.
- ✚ Project Budget.
- ✚ Construction schedule updating reports.
- ✚ Submittals Schedule.
- ✚ Daily construction reports.

- ✚ Material location reports.
- ✚ Site Safety and condition reports.

WHAT'S NEXT?

Excavation work will continue, as the heavy equipment (excavators, dump trucks, and graders) will go into full-scale earthwork as temperatures rise over the next few months. Weather permitting; the focus of the project will remain for now on forming the pads (footings) for the new bleachers.

AFOA in action removing existing footings from bleachers in preparation of new footings

Administration continues to work on logistics and value engineering to look for additional cost savings in the area of soil erosion requirements put forth by the NPDES (Nation Pollutant Discharge Elimination Systems).

Likewise, our Athletic Department continues to ensure scheduling is in place to accommodate all practices and games for all teams displaced during the construction period. We appreciate your patience as we look forward to an exciting project the will add value for years to come.

Updates can be found on our district website: www.slsd.org.
