Odyssey of the Mind

WHAT IS IT?

OM is a creative problem-solving team activity. Students from K-College form teams of 5-7 members. With the help of a parent coach, they spend October-March preparing an 8 minute kit on a scheduled theme. The finished skit is performed at a competition in front of judges and scored against skits by other similarly- aged teams.

How can my child get involved?

Registration for team members and parent coaches are open for the 2025-26 season!

Student fee: \$85 (waived if parent agrees to coach)

If you are interested in more information and registering your student, please send an email to jahndetorreza@sbsd.org
